OILWISE

The inspiration of our story is hidden in Nature. The sincerest expression of love is to learn the characteristics of the subject of our affection as they are, without reservations or prejudice. By this definition we started exploring nature. By exploring, we discovered a deep appreciation for the plants and all powerful healings inside it. For this reason, we dreamed of creating a natural and effective brand in which people will find health and beauty with plants.

REAL PURE AND NATURAL

Oilwise Aromatherapy, inspired by the healing power of nature, uses oils obtained from plants in its purest form and creates natural ingredients for your skin health. We have variety selection of plant species that presently exist from all over the world in our production facility in Turkey. They are immediately distilled and bottled by experts to preserve their quality and are not subjected to any chemical process. All of our products are 100% pure and natural.

AROMATHERAPY OILS

ORANGE PEEL ESSENTIAL OIL

GCMS certified 100% Orange Oil, Natural Essential Oil for Skin and Hair Care, Massage Oil for Aromatherapy, Suitable for Diffusers, 10 ml.
